

October 2007

Greetings,

Thank you for allowing MSG to be your Marching Band Video Production Company. It is a pleasure to serve you and the students of Area C. In the past years, we have worked behind the scenes to comply with copyright laws and fees. MSG and its clients last year paid over \$7,000 in licensing fees for music. We choose to be in full compliance of the copyright laws.

We have prepared a form that will allow us to clear your performance selections in a timely manner. Your assistance and compliance will be a great help to us in making quality recordings of your performances. This form is similar to the forms you filled out for Region competition. Please return this form to us ASAP before your contest performance. If you make changes, please email or call us as soon as possible.

Please note that there are compositions that we cannot clear to record or is cost prohibited to "sync." Please see the list of restricted compositions with this communication or visit the web at <http://www.msget.com/copyrights.htm>. MSG will be responsible for fees and sync permissions of songs not included on our restricted list unless otherwise communicated.

Also, if you are doing your own arrangements, please acquire the proper license if you are arranging a copyrighted tune. Gone are the days when you could take the current pop tune from the radio and create your own arrangement without a license.

Your recording fee has been included in your contest entry fee. This includes a DVD of your UIL performance. Failure to return the "Director Release and Copyright Submission Form" will prevent your band from being recorded. Fees paid will not be refunded.

A full contest set is available for purchase at a discount if purchased in advance of contest. Purchase Orders are accepted. Full sets are \$50 in advance. Orders may be placed at <http://www.msget.com>

Thank you for your attention.

Lee Miller
